No. 5.

	Page.
Local Meeting at Liverpool	xv
STERNSTRUP. On the Metallic Iron of Disko (Illustrated)	143
HANNAY. On Arsenargentite, Plumbomangite, and Youngite (Illustrated)	149
HANNAY. On Bowlingite	154
READWIN. On Mineral Growth	158
REVIEWS AND NOTICES	185

NUMBERS 1 to 4 CONTAIN

	Page.
HALL. Note upon a portion of Basalt from Mid-Atlantic (Illustrated)	1
STODDART. Celestine in the Keuper marls	4
FOSTER. New Minerals and Mineral localities in Cornwall and Devon	8
COLLINS. New Minerals from West Phoenix Mine, and from St. Agnes	11
COLLINS. Occurrence of Scorodite, Pharmacosiderite and Olivenite in Greenstones at Terras Mine, St. Stephens	16
VIVIAN. Paragenetic formations of carbonate of lime and oxide of iron, and of quartz and oxide of iron, at the Mwyndy iron mines, Glamorganshire (Illustrated)	18
FOSTER. New form of Blowpipe Lamp (Illustrated)	20
DUDGEON. Occurrence of Gold in the South of Scotland	21
HEDDLE. How and where to collect Minerals in Scotland	29
SOBBY. Consolidation of granitic rocks	41
HAUGHTON. Principle of least paste	46
CHURCH. An old Catalogue of Minerals (Illustrated)	48
CHURCH. Manganese in the Sea	50
LIVERSIDGE. Laumontite from New South Wales	54
COLLINS. Achroite from Rock Hill (Illustrated)	55
HALL. The Val d' Anniviers	61
COLLINS. Gramenite from Smallacombe, and the Chloropal Group of Minerals	67
FOSTER. On some New Mineral Localities in Cornwall and Devon	73
FOSTER. A Defence of Turner's method of Detecting Boracic Acid	77
REDLEE. On two new species recently described by Prof. von Lasaulx	81
READWIN. Note on Doubtful Minerals	84
HEDDLE. Analysis of Stilbite of an unusual form, from Farøe	91
SOBBY. On a simple method for determining the index of refraction of small portions of Transparent Minerals	97
CHURCH. Analysis of a Serpentine from Japan	99
HANNAY. On the Magnetic Constituents of Rocks and Minerals	101
HANNAY. Examination of the Hydrous Constituent in Minerals	106
HANNAY. On an easily constructed form of Reflecting Goniometer	110
DAVIES. Notes on Vanquelinite from Scotland, and Cantonite from Cornwall	112
COLLINS. Note on certain Black Quartz Crystals from Boscauswell Downs, Cornwall	115
VIVIAN. Further notes on the Oxides of Iron, enclosed in Quartz, at Mwyndy, Glamorganshire	117
WARD. Notes on the Occurrence of Chlorite among the Lower Silurian Volcanic Rocks of the English Lake District	119
MELLO. Note on a peculiar form of Quartz Crystals from Australia	123
HOW. Notes on some North American Pyrrhotites, and other Minerals containing Nickel... ..	124
CORRESPONDENCE AND ABSTRACTS, REVIEWS AND NOTICES.
