

REFEREES FOR 1996

Many people volunteer time and energy to produce this society-run journal. The editor values the assistance, advice and dedication of the board of sixteen Associate Editors listed on the inside front cover of each issue. In addition, and on behalf of the Mineralogical Association of Canada, he acknowledges with gratitude the important contributions made by all referees of scientific articles, including the following individuals, many of whom reviewed more than one manuscript in 1996.
