**FLUORO-POTASSIC-MAGNESIO-ARFVEDSONITE, $\text{KNa}_2\text{Mg}_5\text{Si}_8\text{O}_{22}\text{F}_2$,
FROM THE OUTAOUAIS REGION, QUEBEC, CANADA: ERRATUM**

DONALD D. HOGARTH[§]

Department of Earth Sciences, University of Ottawa, Ottawa, Ontario K1N 6N5, Canada

The ideal formula of fluoro-potassic-magnesio-arfvedsonite [*Can. Mineral.* **44** (2006), 289] should have been recorded as $\text{KNa}_2(\text{Mg}_4\text{Fe}^{3+})\text{Si}_8\text{O}_{22}\text{F}_2$. This formula agrees with the analytical data reported for

samples 1070, 1093 and 1094 in the first description of the species [*Can. Mineral.* **25** (1987), 739-753]. The formula given in the 2006 article is in error. Apologies to amphibole *afficionados*.
