Editorial	281
D. STEPHENSON and B. G. J. UPTON: Ferromagnesian silicates in a differentiated alkaline complex: Kungnat Fjeld, South Greenland	283
A. C. BISHOP and W. J. FRENCH: Nature and origin of meladiorite layers in northern Guernsey, Channel Islands	301
C. R. L. FRIEND: Al-Cr substitution in peraluminous sapphirines from the Bjørnesund area, Fiskenaeset region, W. Greenland	323
J. G. LARSEN: Mantle-derived dunite and lherzolite nodules from Ubekendt Ejland, west Greenland Tertiary Province	329
E. S. SAPOUNTZIS and G. CHRISTOFIDES: A calcium-poor rhodonite from Xanthi (N. Greece)	337
P. J. DUNN, J. A. NORNBORG, and P. B. LEAVENS: Roeblingite: new chemical data	341
C. J. STANLEY and D. J. VAUGHAN: Mineralization in the Bonser vein, Coniston, English Lake District: mineral assemblages, paragenesis, and formation conditions	343
C. MILTON, H. T. EVANS, Jr., and R. G. JOHNSON: Dwornikite, $(\text{Ni,Fe})\text{SO}_4 \cdot \text{H}_2\text{O}$, a member of the kieserite group from Minasragra, Peru	351
V. V. BRESKOVSKA, N. N. MOZGOVA, N. S. BORTNIKOV, A. I. GORSHKOV, and A. I. TSEPIN: Ardaite—a new lead-antimony chlorosulphosalt	357
S. A. WILLIAMS: Luddenite, a new copper-lead silicate from Arizona	363
R. NAWAZ and J. F. MALONE: Gobbinsite, a new zeolite mineral from Co. Antrim, N. Ireland	365
A. M. CLARK and A. J. CRIDDLE: Palladium minerals from Hope's Nose, Torquay, Devon	371
P. M. HOLM: Mineral chemistry of perpotassic lavas of the Vulsinian district, the Roman Province, Italy	379
G. M. CORRIGAN: Cooling rate studies of rocks from two basic dykes	387
M. A. CARPENTER: Amphibole microstructures: analogies with phase transformations in pyroxenes	395
E. J. W. WHITTAKER: Cleavage energies of minerals	398
C. M. FARROW, A. HERRIOT, and B. E. LEAKE: A carboniferous arfvedsonite-aegirine trachyte from West Kilbride, Scotland	399
M. E. BARLEY: Babingtonite in an early Archaean metabasalt from the Pilbara Block, Western Australia	401
R. W. BARSTOW and M. COOPER: Churchite from Wheal Pendarves, Camborne, Cornwall	402
Book Reviews	404
